### Don't Bear It.

For rheumatism there is nothing better than Chamberlain's Pain Balm. The prompt relief which it affords is alone worth many times its cost, which is but fifty cents per bottle. Many very bad cases have been permanently cured by it.

For sale at Craig's Drug Store.

### She Stuck to Her Gum.

Drake's Magazine.  
"George, darling," she murmured, as they strolled in the garden, "let us stop at that rustic seat yonder for a moment."

"Certainly, pet," answered the young man. "That is the place where I proposed to you last night. Do you want to stop for the fond recollections that cling about the spot?"

"No, not exactly. You see I knew that it was coming last night, and that you would want to kiss me, and so I took my gum out of my mouth and stuck it on the bench. If it is there yet I want to get it. That's all, George, dear."

### Wakes Him Up.

Mr. R. L. Smith, a merchant at Dundas, Mo., says: "Chamberlain's Cough Remedy gives the best of satisfaction. The trouble is that people wake me up at all times during the night wanting it for croup."

For sale at Craig's Drug Store.

### How to Raise Boys.

Mrs. Hobbs (parent of infant terror and several half-grown terrors)—Well, Mr. Hobbs, since you are so dissatisfied with the way I am raising our darling Willie, may be you will condescend to inform me how you would raise boys.

Hobbs—Certainly; every boy ought to be kept in a hogshead and fed through a bung hole until he is 12 years of age.

"And when he reaches the age of 12?"

"Stop up the bung hole."

### From the Old Battle Field.

Elder B. F. Kittinger of Gettysburg, Pennsylvania, says he had been suffering with a cold and cough, also his wife; that they took to using Chamberlain's Cough Remedy and received great benefit from it. Yet he says, "it was so pleasant to take."

For sale at Craig's Drug Store.

### Hopeless.

Medical Times and Register.  
Galligan—Doctor, have you been attending on old man Giffullaw?

Doctor—Yes.

"How is he to-day?"

"He is beyond the reach of medical assistance, I fear."

"What! Is he dying?"

"Oh, no. He's broke."

Only a little while ago scientists announced the discovery of a worm that lunched on nails and dined on railroad iron. Not satisfied with this they declare now that they have found another worm that is making honey combs of the big icebergs. As the ice cream season is at hand it will be well for the summer girls to organize a crusade against the latest comer and see if there is not some plan to head him off before he strikes American soil.

### DURNO'S CATARRH SNUFF.

When suffering with Catarrh, Cold in the Head, Nervous Headache, etc., use Durno's Snuff, it will relieve you at once. Price 25 cents at Druggists.

## Five Strong Points on S. S. S.

First: It is entirely vegetable, contains no minerals or poison, of any kind and builds up the system from the first dose.

Second: It cures cancer of the skin. No other remedy or treatment has ever cured it.

Third: It cures hereditary blood taint, even in the third and fourth generation. No other remedy has ever done it.

Fourth: It has never failed to eradicate scrofula from the system.

Fifth: It cures contagious blood poison in all its stages by eliminating the horrible virus from the system, thus giving relief from all the consequences of this bane of the human family.

"My blood had been so out of order during the summer of 1888 that I virtually had no health at all. I had no appetite; nothing agreed with me. I was feeble, puny and always feeling bad. I had tried various remedies without receiving any benefit, until at length I began taking Swift's Specific (S. S. S.) That medicine increased my weight from 155 pounds to 177 pounds in a few months and made me as well and healthy as any man now living. S. S. S. is undoubtedly the greatest blood purifier to-day on the American continent.

## IRL R. HICK'S WEATHER PROPHECY.

The following taken from the "storm chart" for 1890 of Rev. Irl R. Hicks of St. Louis will prove interesting to many. Here are his predictions for MARCH.

March will open cold and clear. About the 3d atmospheric changes will begin which precede all regular storms—it will turn warmer changing to easterly and southerly winds and soft, cirro-streaked sky, ending in rain and snow storms about the 4th, 5th and 6th. Cold will follow, moderating for scattering storms on the 10th and 11th. The middle storm period for the month is from the 14th to the 18th, with danger days about the 14th, 15th, 16th and 17th. Venus and Earth both bear upon this period. It is one which calls for prudence and care on sea and land. The same disturbing factors will intensify the elements on the 21st and 22d. From the 25th to the 31st there is an unusual combination of storm-producing causes. Blizzards and snow blockades need not surprise to the north, nor terrific rains, sleet, thunder and tornadoes southward. The month will end cold. There will be earthquake shocks in many places during March storm periods.

## A Scrap of Paper Saves her Life.

It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by her physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery and got a trial bottle; it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For fuller particulars send stamp to W. H. Cole, druggist, Ft. Smith. Trial bottle of this wonderful discovery 10c at Craig's Drug Store.

The smallest railroad in the country is one which connects the towns of Belford and Bellevue, Mass. It is nine miles in length and has a gauge of ten inches—almost illiputian in size. It crosses eleven streams on bridges from five to thirty-five feet high. The rails weigh twenty pounds to the yard—just such as are used in the Missouri mines. The cars and engines run very low and the cars have a row of single seats each side of the aisle. The cars weigh four tons each, one-fifth the weight of an ordinary car. The engine weighs seven tons and draws two cars at a speed of twenty miles an hour.

## Eupepsy.

That is what you ought to have, in fact you must have it to fully enjoy life. Thousands are searching for it daily and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you good digestion and oust the demon dyspepsia and install instead eupepsy. We recommend Electric Bitters for dyspepsia and all diseases of the liver, stomach and kidneys. Sold at 50c and \$1 per bottle at Craig's Drug Store.

A Garden City man realized \$250 from an acre of ground planted to peanuts.

## A Cashier's Statement.

Mr. J. F. Masters, cashier of Emmit & Co's. bank at Waverly, Ohio, says: "I consider Chamberlain's Cough Remedy the best I have ever used. After using several other kinds without benefit I tried it and it quickly cured me after years of suffering with an obstinate cough and throat trouble." Fifty-cent bottles for sale at Craig's Drug Store.
